

Tonight Razer one of my favorite local Arizona rock bands will be playing at the Roxy Lounge in Scottsdale, AZ.

My wife and I will be there and we rarely ever miss a Razer show, their music is great and I am partial to songs like Do You Want It and Cold War, but their cover of When the Levee Breaks by Led Zeppelin is better than the original in my opinion.

If you live in AZ and don't have plans tonight, find a sitter and head over to the Roxy Lounge to see Razer live. Feel free to check in with Foursquare as I will and I will chat if any of my blogging fans show up.
